

# Post Adoption Support Services in the Riverland

Post Adoption Support Services (PASS) is a program area of Relationships Australia (SA), and responds to the needs of those whose lives involve adoption. PASS supports people who have been adopted, birth parents and families, and adoptive parents and families.

Our services include counselling, search and reunion mediation, and various workshops and seminars relevant to local and inter-country adoption. PASS also provides professional development for those who work with people affected by adoption.
